Our Vision

Our vision is for Burundian artisans to have the opportunity to use their craftsmanship to become self-sufficient, support their families, and overcome poverty. We also envisage the growth and economic development of Burundi's artisanal sector, contributing to Burundi's reputation as a vibrant, creative, and artistic country.

Our Mission

The name Kaz'O'zah Art was inspired by the word "kazoza," which means "future" in Kirundi. Our mission is to create a bright future for Burundian artisans by providing them with the skills, support, and market access to achieve their full potential.

In order to do this, Kaz'O'zah Art has created the philosophy of ART: Aspire. Reach. Thrive. We provide an environment that encourages our artisans to aspire to become skilled craftsman, reach their full potential through support, hard work and determination, and then thrive as self-sufficient income-earners.
